

Tuff^{board}

RECYCLED PLASTIC SHEETING

- Non-abrasive
- Chew proof
- Rot proof
- Splinter proof
- Non-toxic
- Non-absorbent
- Easy fabrication
- UV stabilised
- Made in New Zealand

The sheet comes in standard sizes of
2440 x 1240 x 6 mm Weight 17kg
2440 x 1240 x 9mm Weight 25kg
2440 x 1240 x 12mm Weight 34kg
Colour is black and is patterned on one side.

- Animal pens
- Signs
- Under feed barriers
- Lining truck sides

The sheet is of particular value in marine environments or other damp/wet areas.

It is not suitable as a flooring material for humans or animals due to the risk of slip.

Tuff^{deck}

THE NONSLIP SOLUTION

Tuffdeck is a long-lasting no-maintenance tile for creating low cost, non-slip surfaces in wet or slippery areas such as animal and machinery sheds, wash down bays, walkways and stairs etc.

Size: 1200 x 400 x 40mm, area = .48m²

- Durable and strong
- Light, strong and non slip
- Not effected by rot, mildew or insects
- Will not rust
- Allows light, water and air through
- Resistant to most chemicals
- Quick to install, can be screwed down
- UV stabilised
- Made from recycled plastics

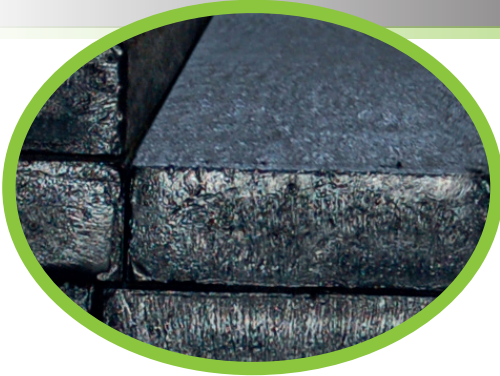

RECYCLING SOLUTIONS FOR FARMERS

Plaswood

100mm x 50mm x 3100mm length
Weight 13.5kg

Plaswood - a wood alternative! Made from UK recycled bale wrap. Plaswoods high strength and durability as well as zero maintenance makes it an ideal wood substitute for the urban environment.

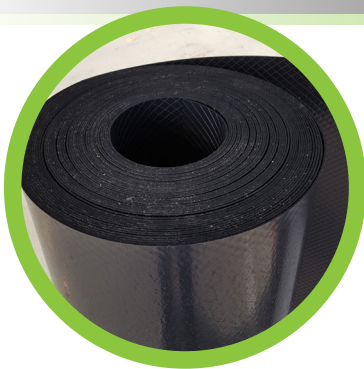

- Resistant to rain, frost and snow
- Black Plaswood does not fade and is not affected by UV light
- Resistant to all domestically available chemicals - the shiny finish helps negate vandalism as opposed to normal wood

Tuff

board™
RECYCLED PLASTIC ROLLS

Tuffboard is also available in roll form. Tuffboard rolls are a versatile thin sheet with the same strength and hygienic properties as Tuffboard sheet. Ideal for use in deer barns and other areas where only a clean surface skin is required.

Size: 2mmx1.2mx30m Weight: 60kgs

- Also available in a natural colour made from virgin polymers
